Governor's Agrium Task Force  
Office of the Governor  
11312 Kenai Spur Hwy, Suite 2  
Kenai, AK 99611

RE: **GOVERNOR'S AGRIMUM TASK FORCE**

On behalf of the City of Kenai, thank you for your time, efforts and dedication to the Governor's Agrium Task Force project. Your past months of work has culminated in your development of a number of recommendations to the State related to the plant's closer, i.e. oil and gas leasing, exploration, training for impacted employees, seismic surveys, promotion of diversification, etc.

We at the City of Kenai truly appreciate your efforts. Your continued work on the short- and long-term solutions to keep the Agrium plant open, including the promotion of gas exploration in the Cook Inlet and bringing gas from other basins in the state to the Agrium plant is very important to our local communities and economic solvency.

Thank you again and keep up the good work!

CITY OF KENAI

Pat Porter  
Mayor
